CANOE AND KAYAK

Those campers interested in purchasing a pre-owned canoe or kayak from the campground fleet of rental boats are encouraged to contact our staff for a listing of available equipment. Now might be a great time to purchase that perfect boat at a discounted price so that you will be ready for the 2006 paddling season.

HONORED GUESTS TO ARRIVE

We are pleased to announce that Cedar Creek Campground has been selected by the New Jersey Campground Owners Association to represent central New Jersey in the state tourism caravan. The Secretary of State of New Jersey will be leading this group of honored guests on a tour of the tourism hubs throughout the state. In addition to being selected as a showcase for central Jersey, we will also be providing dinner

and camping accommodations for members of the Secretary's party.

The central New Jersey area has been a powerhouse of activity during the summer vacation season. In recent years the area has been attracting many visitors who have discovered the pleasures that our wonderful shore area offers throughout the entire year.

We are very proud to have the opportunity to showcase our

Cedar Creek Campground Entrance

campground and wish to thank our loyal guests and dedicated staff for our success.

Seasonal Camping at it's best.

REMINDERS

- DISCONNECT ALL HOSES FROM SPIGOTS
- RETRACT ALL AWNINGS AND SLIDES
- STOW AWAY ALL SEASONAL EQUIPMENT
- APPLY PROTECTANT TO RUBBER ROOFS

WINTERIZE NOW

Seasonal campers are reminded that season's end is rapidly approaching and it is time to once again think about winterization. An improperly winterized trailer or RV can cause heart-

ache as well as a very large unnecessary expense in the spring.

Those campers wanting to have their camper or RV placed on the winterization list must contact the office to make the nec-

essary arrangements.

Please remember that if you miss the date of the campground winterization you will have to make your own arrangements.

OUR COMMUNITY

This space will be available for community announcements and events. Perhaps you are a new parent or grandparent. Or maybe someone we all know is under the weather. Let's share our news and family milestones.

Charlie Miller of site #64 has officially retired. Congratulations Charles.

Petra and her Amigo.
Baby Elliot turns 7 months old.

Is that 40 years of wedded bliss for the Brechbiel's of site 20? Congratulations Cindy and Ray.

We hope to see all our seasonal campers at the Seasonal Brunch on Oct 2nd. This is a perfect opportunity to say goodbye to the neighbors, exchange email addresses, and perhaps reminisce about the 2005 season.

Santa awaiting the children.

FUN...FUN...FUN

Our new Tots playground has proven to be a wonderful success. Our younger campers both seasonal and weekend guests alike have praised this newest addition.

The counter balanced stand up teeter totter MULTI-PONDO (we didn't name it) add-on to the Registration playground has kept the children busy for hours. Even the adult children have had a great time. We are very excited about it. Stop by and give it a PONDO.

What a wonderful 2005 season.

Could we have asked for a nicer 2005 season? Boy, what wonderful weather!

We had such a positive response to our pool party that we will be sure to schedule another one for next season.

If anyone has any ideas for a new activity, game, or contest, please pass it on to the office staff so we might consider adding it to next year's scheduled events.

We look forward to seeing everyone around the campfire next season. It has been OUR pleasure and privilege to serve you. To those that cannot be with us, thank you. To those that will be returning in the spring,

thank you and...

SEE YA NEXT YEAR!
